**Incident:** Multiple Commercial Burglaries Solved

---

**Christopher Noone**

**Dezma Robinson**

During the time period between 7/27/13 and 7/30/13, five commercial burglaries at three businesses in the City of Banning, occurred and were investigated by this agency. The businesses, The Smoke Shop at 1393 W. Ramsey St. (broken into three times), Banning Techno (computer repair shop) at 66 S. San Gorgonio St., and Johnny Russo's at 1335 W. Ramsey St., were all entered under similar circumstances constituting what investigators are calling roof top burglaries. In the early morning hours on 7/31/13, Officers located a potential suspect in the area where a majority of the burglaries occurred and arrested that subject for possessing burglary tools and drug paraphernalia. That subject was identified as a local Banning transient, Christopher Noone, age 28. Officers found that Noone possessed items stolen from the burglary at Banning Techno. Officers wrote a search warrant for an address in the 1400 block of W. Hays Street and conducted a search. Officers located a second suspect that was identified as another Banning transient, Dezma Robinson, age 24. At the residence, Officers located additional stolen property. Both Noone and Robinson were booked at the Smith Correctional Facility on suspicion of committing burglary and possession of stolen property.
